

Armidale Animal Breeding
Summer Course
2003

part 3

QTL mapping for practitioners, from linkage to gene

Julius van der Werf & Brian Kinghorn

University of New England

Ben Hayes & Mike Goddard

Victorian Institute of Animal Science

Contents

Introduction and Principles of Linkage Analysis <i>Julius van der Werf</i>	1
Models for QTL analysis <i>Julius van der Werf</i>	43
From Linkage Analysis to Gene Detection <i>Ben Hayes and Mike Goddard</i>	93
Linkage disequilibrium mapping (LD) mapping And Bioinformatics Approaches to identify QTL <i>Ben Hayes</i>	117
